Findings by Category

General Security	**5**

Other Findings

Finding

What was found: No result sentence was stored for this check.

Why it matters: Disposition is soft fail.

Evidence:
Disposition is soft fail. DNS lookups: 8 of 10. The record text was not stored.

Severity: MEDIUM | Confidence: ADVISORY

What to change: This check has no fix text yet.

How to recheck: Request the same URL again and confirm this result has changed.

Caveat: This result is not confirmed. Treat it as a lead until someone checks the live response.

Finding

What was found: No result sentence was stored for this check.

Why it matters: Policy is quarantine.

Evidence:
Policy is quarantine. Percentage: 100. Reporting is on. The record text and the report address were not stored.

Severity: LOW | Confidence: ADVISORY

What to change: This check has no fix text yet.

How to recheck: Request the same URL again and confirm this result has changed.

Caveat: This result is not confirmed. Treat it as a lead until someone checks the live response.

Finding

What was found: No result sentence was stored for this check.

Why it matters: This check is a this area gap on this site. Leaving it in place keeps the weakness the scanner recorded.

Evidence:
Selector google. A public key is present. The key was not stored.

Severity: INFO | Confidence: ADVISORY

What to change: This check has no fix text yet.

How to recheck: Request the same URL again and confirm this result has changed.

Caveat: This result is not confirmed. Treat it as a lead until someone checks the live response.

Finding

What was found: No result sentence was stored for this check.

Why it matters: DNSSEC was not confirmed.

Evidence:

Other Findings (continued)

DNSSEC was not confirmed. This is not a failed check.

Severity: INFO | Confidence: ADVISORY

What to change: This check has no fix text yet.

How to recheck: Request the same URL again and confirm this result has changed.

Caveat: This result is not confirmed. Treat it as a lead until someone checks the live response.

Finding

What was found: No result sentence was stored for this check.

Why it matters: 1 mail server published.

Evidence:

1 mail server published.

Severity: INFO | Confidence: ADVISORY

What to change: This check has no fix text yet.

How to recheck: Request the same URL again and confirm this result has changed.

Caveat: This result is not confirmed. Treat it as a lead until someone checks the live response.
